Please note that a signed data use agreement does not entitle the data user to access ICIS systems, only to use ICIS data. If system access is necessary, the authorizing partner must explicitly request access, on the data users behalf, specifying the need for such access and the term for which access will be granted (maximum 1 year). If direct access is required, please fill out the table below and FAX this document to 250-370-0549.
