2013 GeoShare Updates

Back in February 2013 ICIS Operations provided a recap of members who had recently worked to integrate their address points into the AddressBC database using the GeoShare tool. ICIS is very pleased to present the updated list of new GeoShare subscribers since February 15, 2013.

Addresses

Greenwood
Warfield
Midway
Kootenay Boundary RD
Fruitvale
Grand Forks

This is great news for ICIS members, as these jurisdictions are now on a weekly refresh delivery schedule. What does this mean for you? When you download a cut from the AddressBC FTP site or visit the ICIS Web Map, you know that you are getting the best available data.

Interested in delivering your data to ICIS via GeoShare? Contact [Steve Mark](#), ICIS Technical Coordinator for more information.
